COLLYNIE CLIPPER STAR 1554906

*Grand Champion International 1930*

*A Study of Shorthorn Character*

## How to Get to Helfred Farms

The above map shows the location of Helfred Farms from Des Moines.

Parties coming in by motor from the south over Highway 65 can turn off on the Army Post Road just south of Des Moines and drive directly west to the farm. This is a good gravel road. Watch for the big sign indicating the location of the farm on No. 65. Coming in from the north, follow West Grand Avenue west on Route 90 to town of Commerce. There will also be signs there indicating the route to the farm. The same applies to parties coming in over Highways Nos. 32 or 7. We shall endeavor to have road signs so placed at these strategic points that strangers will have no trouble finding their way to the farm.

Come early and inspect the cattle before the sale begins. Lunch on the farm at 12:00 o'clock, served by the ladies of one of our community churches. Sale begins at one o'clock.

**WATCH FOR THE ROAD SIGNS**

# Announcement

Our second annual sale will be held at Helfred Farms, Saturday, November 3d, 1934. Again we invite all breeders and others interested in Shorthorn cattle to be with us.

Central and Southern Iowa were particularly hard hit by the drouth this year yet we are presenting an offering of cattle, of our own breeding, of which we are proud and of which we feel sure you will approve. They are in first class condition, not overloaded with fat, but thick and thrifty so that the buyer may know what to expect their offspring to be like.

We have had a good season at the shows and some of the winnings of the individuals are shown under their pedigrees in this catalog. Nearly every animal that we will sell would make a creditable show and their pedigrees assure that they will produce the highest type of calves.

We believe that we will sell as good a lot of cattle as will be offered by auction this year. It is not to be expected that prices will rule high but we are going to sell every animal that is listed in this catalog at the valuation that you put upon it.

We look forward to the pleasure of having you with us sale day. We ask you to come early enough to inspect the herd and make selections from this offering before the sale starts. We know that this year there will be more profit for the buyer than for the seller.

## Terms and Conditions

All bulls are guaranteed to be breeders if not allowed to run with the herd. All females over 16 months of age on sale day are guaranteed to be breeders. The herd is federally accredited to be free from T.B. and has passed a negative abortion test. These cattle are sold subject to a sixty day retest for tuberculosis and to comply with the health requirements of any state into which they are to be shipped. The failure of any animal to meet this guarantee must be reported within sixty days of the date of the sale.

Certificates of registry and transfers of ownership as well as applications for registry for calves sold in dam, will be furnished to buyers free of charge.

Cattle will be loaded free of charge on the Rock Island at Commerce or Chicago and Great Western at Orillia. All animals at owner's risk when bid off but reasonable care will be taken to prevent any accident.

The sale will be held in our sale pavilion on the farm, starting at one o'clock. Parties from a distance are requested to stop at hotel Kirkwood, sale headquarters in Des Moines, from which place transportation will be furnished to and from the farm on sale day. Lunch will be served on the farm at noon by ladies of the Commerce Methodist Church.

Terms: cash.

Auctioneer: Lt. Gov. N. G. Kraschel, and Col. Tom Sherlock.

Mail bids may be sent in care of Helfred Farms, Rt. 6, Des Moines, to Will Johnson of the Shorthorn World; J. E. Halsey and Matt White of Wallaces' Farmer; Frank Richards of The Corn Belt Dailies or to F. W. Harding, Secretary of The American Shorthorn Breeders' Association.

## Early, Certain Profits for Purchasers

All indications point to an early, certain profit to be made from the purchase of first class breeding cattle, sired by bulls that are known to be progenitors of desirable offspring, from cows of correct type and quality backed by prepotent ancestors and from reputable herds. It is such cattle as this that comprise this sale offering.

The bulls selected for use in Helfred Farm's herd have been the best sires that could be procured. Collynie Clipper Star and Sni-a-Bar Golden Ring proved their desirability in the show ring. The former was eight successive times the grand champion in eight of America's largest shows, under eight of the most experienced judges. These championships were won at leading state fairs and at the International and American Royal stock shows. The latter, in 1931, won eight grand championships at leading state fairs and at the American Royal. Their records as sires have caused them to be recognized as among America's greatest stock bulls.

In looking through this catalog, it will be seen that the two great sires, Collynie Clipper Star and Sni-a-Bar Golden Ring are the sires of nearly all of the bulls and heifers that make up this extraordinary sale offering. In addition to those, there are a few head by the International grand champion, Browndale Goldspur, one by Goldspur's Ordens, a son of Browndale Goldspur, that is now in service in the herd, and one by Villager's Choice, a former herd bull that was an impressive sire.

Mr. Hubbell, wisely, includes, in his list of sires, some young bulls of especial promise that are bred along lines that indicate prepotency in improving type and character. When you come to the sale, ask to see the young bulls that are the future principle stock bulls at Helfred Farms. They are sons of Collynie Clipper Star, Sni-a-Bar Golden Ring and Browndale Goldspur. As they are closely related to the cattle to be sold, they will be doubly interesting to those who come to the sale to make purchases. While Helfred Farms continues to produce such cattle, as are to be sold in this sale, Mr. Hubbell need not have anxiety about whence his future sires and matrons are to come.

But sires, alone, do not make a great herd. In founding Helfred herd, Mr. Hubbell looked as carefully and as critically to his females as he did to his bulls. Study the pedigrees of the dams of the cattle in this sale and then when you come to the sale, seek out these dams and you will know one of the most important factors in making this a superlative sale offering. The cows throughout the herd are the thick, wide, short-legged type. They have breedy looking heads, good colors, capacious well balanced udders and they are ideal Shorthorn matrons. The pedigrees in this catalog will show that the leading bloodlines of the breed have produced these great Shorthorns.

This is indeed the ideal time to improve herds so that you can produce the sort of bulls and females that are most sought for. All authorities agree that we have started on an era of higher prices and greater demand for breeding cattle. It is the history of such eras that the commoner kinds rise slowly in price and soon cease to rise but that the better kinds such as Helfred Farms Productions go rapidly to prices beyond the expectation of those who produce them. If you buy these cattle at this sale and at the moderate prices that are sure to prevail at this sale, you may be assured of certain, handsome profits from your investment and that such profits will not be delayed longer than it takes to produce offspring from the animals that you will purchase.

WILL JOHNSON of the Shorthorn World.
